

Tyree Named Gulf Oil's Preferred Maintenance Vendor

Deal Provides Cost-Savings for Tank & Vac Truck Services

Farmingdale, NY – April 20, 2010 – Tyree Corporation, one of the largest petroleum and environmental remediation service companies in the U.S., today announced that Gulf Oil, L.P. has chosen the company as Gulf's Preferred Maintenance Equipment Vendor.

The deal, currently in effect, extends cost-savings to Gulf service stations throughout the mid-Atlantic and Northeast, while increasing the number of potential Tyree-serviced Gulf petroleum stations to 1,400.

"The Gulf Preferred Vendor program was designed to provide a single site retailer the service and cost advantages enjoyed by the large retail chains," said Richard Oswald, CEO of Tyree. "We are proud to be selected by Gulf to provide outstanding service and cost-savings to their expanding number of service stations," continued Oswald.

Gulf recently acquired all rights, title and interest to the Gulf brand in the U.S. from Chevron and is planning to execute a significant geographic brand expansion initiative across the Mid-Atlantic states, including Florida.

"After looking at the available vendors in the category, we believed that Tyree Corporation provided the best value based on their expertise and customer service," said Ron Sabia, President and Chief Operating Officer for Gulf Oil.

ABOUT TYREE

Tyree Corporation is a leading, multi-dimensional petroleum services and environmental remediation firm. Founded in 1930 as a construction company, Tyree's core businesses now includes environmental remediation, maintenance services including pumps and tanks, compliance, construction and engineering services. The firm is based on the East Coast with offices located throughout the Northeast and California. Visit www.tyreeorg.com for additional information.

ABOUT GULF OIL

Gulf Oil Limited Partnership, based in Framingham, Massachusetts, is one of the Northeast's largest wholesalers of refined petroleum products. Gulf Oil distributes motor fuels through a network of more than 2,000 branded gasoline retail centers, 12 proprietary oil terminals, and a network of more than 50 other supply terminals. Gulf Oil supplies gasoline, heating oil, diesel fuel, jet fuel and kerosene through its Gulf Oil terminal network. Through its unbranded subsidiary, Great Island Energy, Gulf Oil L.P. also supplies petroleum products as well as risk management and financial services to industrial, commercial, and independent retail firms. Visit www.gulfoil.com for more information.
